Dear Glenbard East Parent or Guardian:

Welcome to the 2018-19 school year! We are looking forward to working with your student to make this year a successful and rewarding one! The information included in this packet will make the process as simple and convenient as possible. As you complete the registration materials in this packet, please keep the following items in mind.

Online Registration & Payment - Online registration will be available July 9th through August 2nd. Please follow the system prompts to register your student and pay your fees online **by August 2nd** to realize your prompt pay discount of \$35 (Instructions enclosed). Note: If you do not have internet access, computers are available at school during summer hours and your local library has computers available. Registration payments made after August 2nd will pay the full registration fee of \$235. ***Registration and payment of fees are required prior to students receiving instructional materials and schedules during Back-to-School Week.***

Back-to-School Week – Back-to-School Week will be held August 7 through August 9, 2018. It is important that students attend on their scheduled day. During Back-to-School Week, students will receive their class schedules, transportation information and have their ID/yearbook pictures taken. Your student will be issued instructional materials and/or devices and will need to purchase required consumable items (e.g. PE uniforms, etc.). With respect to the incoming Class of 2022, please refer to the separate page dedicated to our incoming Freshmen.

iPad Rental Program - Students that participate in the iPad rental program also receive digital curriculum & applications that manage assignments and work flow. The annual iPad rental fee is \$189 and the digital curriculum fee is \$85 per year. Families that make four iPad rental payments over their student's career at Glenbard own the device upon graduation, as long as all fees have been paid in full. **All incoming freshmen** will be issued an iPad during Back-to-School Week and will receive required training the day that they receive their device. The annual rental fee is \$149 per year¹, per student. This is a \$40 reduction from previous years due to a reduced cost from our vendor. Only Freshmen are eligible for this reduced price. More details are provided in this packet.

Returning students are expected to bring their iPad device to Back-to-School-Week. Students should run all software updates in advance to help expedite the iPad readiness check in process.

If you have any questions, please contact our offices at 630.627.9250. We are looking forward to a successful 2018-2019 school year!

Sincerely,
Shahe Bagdasarian
Principal

TECHNOLOGY:

All incoming freshmen will be issued an iPad to manage coursework. The annual rental fee for the iPad, case, and mandatory insurance (including loaner program) is \$149 per year¹, per student. This is a \$40 reduction from previous years due to a reduced cost from our vendor. Only Freshmen are eligible for this reduced price. Look for more details under the Freshmen Back-to-School Week section of this packet on page 7.

Returning students that were issued an iPad for the 2017-18 school year are responsible for maintaining their device in good working order and will use their device for the upcoming 2018-19 school year. Returning students are expected to bring their device to Back to School Week for an 'iPad readiness' inspection. Students should run all software updates in advance to help expedite this process. Returning students will continue to be billed the \$189 per year iPad rental fee.

¹After the family has made 4 annual rental payments over the student's career at Glenbard and the student's account is paid in full, the device will become the property of the student. Students enrolled in the iPad program for less than four years will have a buyout option to purchase their device.

Digital Curriculum/ App Fee: Students will also be required to pay an \$85 annual digital curriculum/ App fee that covers the costs of all digital curriculum (digital textbooks; digital novels; digital workbooks) and applications (learning management system; etc.) that the student will use for their coursework.

Note: Certain courses may still require non-digital materials (hard bound textbooks; paperback novels or workbooks). If your student is provided these non-digital materials, they will be provided at **no additional charge**. Textbooks must be returned by the student in good condition at semester end (semester classes) or by year end (year-long classes), or fines could apply.

BUS TRANSPORTATION:

Providers: Glenbard contracts with **First Student** for regular education transportation services. **Hopewell Inc.** provides transportation services for our special education transportation needs.

Routes: Glenbard School District 87 uses transportation routing software to lower transportation costs and increase efficiency. Bus routes may be different from one school year to the next as routes are re-evaluated. Please look for bus information at Back-to-School Week in August. Route information for your student will also be available online, at your school website.

Ridership ID Requirements: Students are required to present their student ID to any bus driver upon request. Students not able to produce their ID will be required to obtain a temporary pass to ride the PM bus and may be referred to the Dean's office for appropriate consequences. Students will be responsible for riding their designated buses. Bus drivers and school administrators will deny requests for students to ride other routes than previously assigned unless pre-approved by the Dean's office. Activity/Athletic buses require either a teacher issued pass or athletic sticker as appropriate.

New GPS Bus Tracking App: Glenbard has purchased First Student's **FirstView™ Parent App** which will provide you and your child the ability to track your regular education student's bus in real time. The app provides the location of your child's bus, estimated arrival times at your child's stop, and the bus's arrival or departure time from school. Some of the key features are referenced below:

- Live Tracking and Predictive Stop Arrival Times: Shows location and direction of your child's bus, stop times for the day, and times for school arrivals and departures.
- Custom Alerts and Messages: Set up push or email alerts for when your student's bus is a chosen distance for number of minutes away from the stop. Alerts provide messages about delays, the reasons for, and an estimated length.
- Main User Notifications: Main users of the FirstView™ Parent App can connect three additional email accounts to receive email alerts.

More information is available on our website under "Bus Information" located in the Parents Section of the site.

FOOD SERVICE: District 87 is pleased to partner with Sodexo, Inc. for our cafeteria service. Important information regarding Sodexo, menu offerings, online prepayment instructions for student breakfast and lunch is available in the Parents section of the website under "Food Service". We encourage you to visit www.MySchoolBucks.com to sign up for the prepayment option. The system is easy to use and provides parents with management options such as auto-refill, balance review, low-balance warning email, and visibility to items purchased by your student. **This year, students will also be able to purchase breakfast and lunch using debit or credit cards.**

INSURANCE: District 87 provides 'school time' accident insurance protection for your student as part of its current insurance program. 'School time' includes the school day while your student is attending academic school sessions and up to one hour before and one hour after regular classes. Your student is protected during school-sponsored activities as well, which further includes travel directly or indirectly and uninterruptedly to and from such school activity.
