

# Ready. Set. Select.

## Preparing for Course Selection 2023-2024

<b>01</b>	<b>Course Selection Information</b> Read your <b>yellow</b> ( <a href="#">sophomore year</a> ), <b>blue</b> ( <a href="#">junior year</a> ), or <b>pink</b> ( <a href="#">senior years</a> ) packet cover to cover - it contains detailed directions for choosing next year's classes.
<b>02</b>	<b>Course Recommendations</b> Teachers will share their recommendations with you during class. The recommendations for required core courses are preloaded in PowerSchool for your convenience.
<b>03</b>	<b>Elective Opportunities</b> Choose electives based on your interests, career focus or educational goals. Use the <a href="#">East Academic Program Guidebook</a> for course descriptions and prerequisite information.
<b>04</b>	<b>Choose Courses Online</b> Select your courses online through PowerSchool beginning December 5. The deadline to select your courses is 11:59 pm on January 2.
<b>05</b>	<b>Confirm Your Choices</b> Meet with your counselor on your assigned day during P.E., Health or Driver's Ed to finalize your course selections. Your teacher will let you know your assigned day. If you are not enrolled in one of these, your counselor will follow up.
